

John Jacob P. Gonzales

MEPF Testing & Commissioning Engineer · Train Operator · Associate Safety Officer

Caloocan City, Philippines | johnjacobgonzales12678@gmail.com | +63 917 408 4990 | linkedin.com/in/johnjacobgonzales

SUMMARY

Testing & Commissioning Engineer working at the intersection of railway commissioning, live train operations, and workplace safety — with a uniquely integrated, end-to-end view of how modern transit infrastructure performs. Certified MRT-7 Train Operator and Associate Safety Officer, now extending into process automation and AI tooling (Power Platform, AI agents) to reduce repetitive work for engineering teams.

EXPERIENCE

MEPF Testing & Commissioning Engineer

Jan 2025 – Present

Mass Rail Transit 7 Inc. — Depot

- Run pre-commissioning inspections and Functional Performance Tests for MEPF systems, verifying compliance with design specs, approved drawings, and engineering codes.
- Develop and review test procedures, method statements, and Inspection & Test Plans to keep commissioning systematic and on schedule.
- Lead integrated system testing across MEPF subsystems prior to acceptance and handover; track defects through to closure.
- Prepare commissioning reports, test records, and as-built documentation packages; apply front-line operations experience to flag real-world operational risks early.

Train Operator

Oct 2023 – Jan 2025

Mass Rail Transit 7 Inc. — MRT-7 Line

- Operated passenger trains in strict compliance with operating rules, timetables, and emergency procedures — clean safety record throughout.
- Monitored propulsion, braking, HVAC, door controls, and passenger comms; escalated anomalies to maintenance and the OCC.
- Coordinated with the Operations Control Centre to document irregularities, supporting fast fault diagnosis and service recovery.

Associate Safety Officer

Concurrent

Mass Rail Transit 7 Inc.

- Conduct safety inspections across depot facilities; identify hazards and recommend corrective actions per DOLE-OSHS standards.
- Assist in incident and near-miss investigations, including root-cause analysis and corrective/preventive action reports.
- Deliver safety inductions and toolbox talks; enforce PPE and safe-work practices during high-risk activities (energization, pressure testing, hot works).

Sales Representative & Store Manager

2014 – Mar 2023

Kuya Jacob's Japan Surplus — Family Business

- Ran operations for a physical retail store and online sales channel — transactions, inventory, and customer service.
- Managed online listings and order fulfilment, with early hands-on exposure to digital business workflows.

SELECTED PROJECTS — AUTOMATION & AI

Real-Estate Listing & Lead Manager (Power Platform). Power Apps canvas app replacing spreadsheets/email with centralized listing & lead tracking, plus Power Automate flows for notifications and Excel synchronization.

Operations & Documentation AI Agents. Custom LLM-based agents for technical research, documentation drafting, and operations automations — built with deliberate prompt engineering.

TECHNICAL SKILLS

Engineering	MEPF Systems · Functional Performance Testing · Inspection & Test Plans · Pre-Commissioning · System Integration Testing · Defect Snagging · Commissioning Documentation
Railway Ops	Train Operations (MRT-7) · Railway Regulations · OCC Coordination · Depot Infrastructure · Safety Management Systems
Safety	DOLE-OSHS Compliance · Hazard Identification · Incident Investigation · Risk Assessment · Toolbox Talks · PPE Enforcement
Automation & Data	Power Automate · Power Apps · Power BI · Power Query · GoHighLevel · Microsoft 365 · Process Mining · Dynamics 365
Software & Tools	MS Office · AutoCAD · SketchUp · Canva · Zoom · MS Teams · Google Meet

LICENSES & CERTIFICATIONS

Commercial Train Driving — Philippine Railway Institute	Aug – Oct 2023
Train Operator Basic Training — San Miguel Corp. & Korail	Mar – Sep 2022
Web Refresher: Railway Operation & Maintenance — DOTr	Mar 2021
Basic Occupational Safety & Health (BOSH) II — Think Safe Consultancy	Dec 2025
Excel Automation in Power Automate — Microsoft	Dec 2025
Build Power Apps Canvas App (Real Estate Solution) — Microsoft	Dec 2025
Create Dashboards in Power BI — Microsoft	Jan 2026
Email Automation with Power Automate — Microsoft	Jan 2026
Introduction to Power Automate Process Mining — Microsoft	Jan 2026
Effective Prompting for Generative AI Tools — Microsoft	Jan 2026
Configure Bookable Resources — Dynamics 365 Field Service — Microsoft	Jan 2026
